

Fresh Horizons

Be the first to hear about this exciting new venture that has the potential to take ministry to people in life's second half to a new level. This is a proposed State wide and interstate ministry that can refresh and resource the over 50's in your church for ministry and outreach.

My Story

Do you ever wonder what people in the second half of life do with their time? During the convention we will hear from several people as they share their story of new experiences they have encountered or ways they are involved in reaching into their community as Christians. You will find "My Story" a stimulating aspect of the Seniors Convention this year.

Keynote Convention

Speaker

**Haydn Sargent
A.M.**

Haydn is a family man, married to Norma and they have five children and nine grandchildren. They are active members of Westside Church of Christ in Brisbane. As a minister Haydn has served

Upon leaving school Haydn became an articled clerk and studied law to become a solicitor. National Service interrupted that and he dropped law to become a minister. Haydn started Brisbane's first drug counselling service, called The Open Door, worked in radio, the press and television, spending almost thirty years in the media, mostly in talk radio at 4BC. In retirement he assisted Family Radio to get their licence and managed the station for a few years. At age 39 he had malignant lung cancer and knows what it is to fight to stay alive. Doctors called his family to his bedside twice to say goodbye, but he survived. Haydn has interviewed people from all walks of life, from Prime Ministers to battlers and was for thirty years involved in the daily life of Brisbane. He is the author of a bestselling book on personal development 'Power to Choose'. He has been awarded the A.M. (Member, Order of Australia) for Services to the Community through Radio. He is also a Paul Harris Fellow (awarded by Rotary) for Service to the Community and awarded the Advance Australia Award for helping to establish Radio Lollipop in the Mater and Royal Children's Hospitals in Brisbane.
